Turn it up head for the bright lights, we'll take a chance  
with no regret,  
We're gonna drive straight through this sunrise just in  
time to watch it set.  
As we look down from these rooftops, to luminescent  
streets below,  
We'll take a second to remind ourselves we're on our  
own.

We're the soundtrack to the nights we don't remember  
With the friends that we'll never forget  
And it's times like these we wish would last forever,  
But all good things must end.

Take me back to the bright lights, somewhere just past  
the sunrise,  
Someone please take me away!  
(Whoa, oh, whoa oh, whoa oh)  
Whoa, oh, whoa oh, whoa oh  
Whoa, oh, whoa oh, oh oh oh

As we layed back by the ocean,  
And disapeared into the tide  
We watched the streets light up like a million stars into  
the darkest sky.

We're the soundtrack to the nights we don't remember  
With the friends that we'll never forget  
And it's times like these we wish would last forever,  
But all good things must end.

Take me back to the bright lights, somewhere just past  
the sunrise,  
Someone please take me away!  
(Whoa, oh, whoa oh, whoa oh)  
Whoa, oh, whoa oh, whoa oh  
Whoa, oh, whoa oh, whoa oh  
Whoa, oh, whoa oh, oh oh oh  
Someone please take me away

It's gonna be a long drive home,  
And now it's all over but the memories remain

(How could we ever forget),  
And as darkness falls,  
We're tired and worn but we'll do it all again

(Take me back to the bright lights, somewhere just past  
the sunrise)  
Someone please take me away!  
Whoa, oh, whoa oh, whoa oh  
Whoa, oh, whoa oh, whoa oh

Take me back to the bright lights, somewhere just past  
the sunrise  
Someone please take me away!  
Take me back to the bright lights, somewhere just past  
the sunrise  
Someone please take me away!  
Take me back to the bright lights, somewhere just past  
the sunrise  
Someone please take me away!
