

Hesitant Ballad "Together"

And you made me shiver when you said I need you
And you made me wanna do everything for you
Then I walked away from what i felt familiar
Now I'm livin with a soul that's torn in two

Just what it takes for you to be
With someone else with your disease
Then all my love became my fear
It makes me feel we need to be together to believe...

"Be yourself" they say "don't try to be like others"

I was looking for myself but I found you...
I am staring at you through your eyes, I'm open
I am loving you through all my fears for you...

Don't stare at me, be yourself, someone else is making
love...

Share it with me...
(Free yourself from
Free yourself from
Free yourself from me)
