Wasting your time by looking away  
You never denied it, you asked me to wait  
You gave me a glance, you gave me a smile  
You took your chance, and now you're alive

You take your time by looking away  
Holding your hand I just stop and say

Walk away  
From this city that's all dressed in blue  
We're together, just me and you, oh  
Walk away  
We'll be better then ever and I  
I'll be yours babe and you will be mine, oh

Walk awayÂ...

Wasting your mind while trying to survive  
But deep in your heart you're always alive  
Painting our bed with tangerine dreams  
We're not afraid by all these streams

(chorus)

Taking our time  
Walking away  
We'll try to fly  
Never to stay  
Just hand in hand  
With nothing to do  
Like sea and sand  
Just me and you

(chorus)
