Break my fall
I found what was missing inside you
Break my fall

We enter the room
You're bright in the darkness, my love
In moments with you
There's no end to me or beginning to you

We move to the floor
A purpose combined, my love
Like the motion of stars
Our dynamic symmetry combines

Break my fall
I found what was missing inside you
Break my fall
Nananana
Break my fall
I found what was missing inside you
Break my fall
Nananana

Always with you
Connected by blood, my love
A purpose fulfilled
You're my light in this dark, dark world

Unspoken within
I feel complete, my love
In moments apart
I'm craving your light in the dark

Break my fall
I found what was missing inside you
Break my fall
Nananana
Break my fall
I found what was missing inside you
Break my fall
Nananana

Break my fall
I found what was missing inside you
Break my fall

Nananana
Break my fall
I found what was missing inside you
Break my fall
Nananana
