Remember the words we use to speak
The promises made have turned to all apologies
The weight of a storm, our memories
Still you fly to fight the force of gravity
(Force of gravity...)

Remember the words we use to speak
The promises made have turned to all apologies
The weight of a storm, our memories
Still you fly to fight the force of gravity
I remember the days I still could breathe
Now I'm sinking beneath the waves are crashing over
me
The empty space that lay between
Is all that's left of where our love was meant to be
Do you cry your eyes asleep?
Is it peace you seek at night when your body's weak?
Did it leave you with the scars of a war-torn ravaged
heart?
Do you cry your eyes to sleep?
(Do you cry...)

Do you cry your eyes to sleep?
Is it peace you seek at night when your body's weak?
Did it leave you with the scars of a war-torn ravaged
heart?
Do you cry your eyes to sleep?
Do you cry your eyes to sleep?
Is it peace you seek at night when your body's weak?
Did it leave you with the scars of a war-torn ravaged
heart?
Do you cry your eyes to sleep?
Do you cry your eyes to sleep?
(Do you cry...)

Do you cry your eyes asleep?
Is it peace you seek at night when your body's weak?
Did it leave you with the scars of a war-torn ravaged
heart?
Do you cry your eyes asleep?
