Are feelings cast in stone  
Or can you navigate a desperate road  
Is change a choice for everyone  
Or are we destined when we're born

I know you've waited so long  
Though you've waited so long  
I know you've waited so long, so long  
So long

And now you have the sun, the moon  
Helps you blossom, makes you bloom  
You cant deny  
That all our fading hopes and dreams  
Light up like Christmas trees

Well ask me how i know  
Ask me how I know  
I feel like I'm alive  
I cant lose  
On a scale,on a scale, on a scale  
It only proves

The sun, the sun, the sun  
Gets in my eyes, my eyes  
I saw the sun through the dark and the grey

Even the sun in the light of the day  
Never it turns, never turns my way  
I, I, I, I, I, I'm not breaking  
Somewhere with love in a space I have known  
In a massive city of stone  
Even though, even though I'm not breaking  
I'm not breaking

Truth as we see it  
Our strengths to the limit  
And everyone's coming over

Treat me like no other  
You treat me like no other  
No Other

No Other  
No Other  
Deeper down

Deep Below  
How happy

How many hopes  
How many blows  
How many highs  
How many lows  
How many dreams

No I will, I will, I will, I will

I'm the light below you  
I'm the light below you  
I'm the light below you  
Below you

So don't look down  
Don't look down

On and on and on and on  
On and on and on and on

Even the sun in the light of the day  
Never it turns, never turns my way  
I, I, I, I, I, I'm not breaking  
Somewhere with love in a space I have known  
In a massive city of stone  
Even though, even though I'm not breaking  
I'm not breaking

I'm feeling the sun in the light of the day  
It's simmering heat gonna lead my way  
I,I,I,I,I, I'm not breaking  
Somewhere there's love in a place i have known  
I gotta get back, yeah I may be alone  
Even though, Even though, I'm not breaking  
I'm not breaking  
I'm not breaking

How much truth can you handle  
Hot smells like candles  
Heart failed  
And everyone's coming over

Everyone's coming over  
Everyone's coming over  
Everyone's coming over
