It goes woke up to the sound of a crying kid
Can't he try corking it one time
I don't believe that it's this I get
And after long weeks of night life

Can't even begin to understand why you're so angry
this morning
How did these teethmarks get on my hand
What's that bruise on your face
Was it me who did it, how

Seemingly clear in my head
But I barely remember a thing
You seem set to stay, so I guess
It's time for me to

Go
I can see when I'm not wanted
So hollow
One mistake and I am sent away

Still, how bout if we gave it another shot
You can't be sure that it's over
I had no chance to give all I got
This time, I'll give a try to staying sober

One day, two, three
I feel I'm asphyxiating, suffocating
I cannot fight it, I need it now

Seemingly clear in my head
But I barely remember a thing
You seem set to stay, so I guess
It's time for me to

Go
I can see when I'm not wanted
So hollow
One mistake and I am sent away
Can't you see in my eyes I've repented
Those are same eyes that once made you sway

Go
Seemingly clear in my head (in my head, yeah)
You seem set to stay, so (I guess it's time for me to
gooooo)

I feel I'm asphyxiating, suffocating
I cannot fight it, I need it now

Seemingly clear in my head
But I barely remember a thing
You seem set to stay, so I guess
It's time for me to

Go
I can see when I'm not wanted
So hollow
One mistake and I am sent away
Can't you see in my eyes I've repented
Those are same eyes that once made you sway
