Even though we're heart to heart

I know you wonder when we part

Do I start to lose my desire for you

Will tomorrow be like tonight

Will I always treat you right

Will our love go on forever

Well....

Chorus:

Mever a day goes by

Not a night that I

Could live my life without you

Never a day goes by

There's no time that I

Can ever forget what you mean to me

Never a day goes by

When you're not on my mind

Never

I see the doubt there in your eyes

You wonder if I realize

There'll come a time when I'll be tired of you

You say attraction's temporary

This passion, momentary

And that won't keep us together

Well, baby...

Chorus:

Never a day goes by

Not a night that I

Could live my life without you

Never a day goes by

There's no time that I

Can ever forget what you mean to me

It's the purest affection could ever be

Never a day goes by

When you're not on my mind

(On my mind)

Every day and every night that comes

I want to be in your arms

cause what I say is true

This love is for you

All for you

I want this love to go on forever

Chorus
