Every day I wake up to another day gone by

Nothing but the open road and the never ending why.

Anything can happen yeah but nothing ever does.

I try to change it's kinda strange the same as it ever
was

But look at us...

How do I deal with you? How do I deal with me?

When I don't even know myself Or what it is you want
from me.

How do I deal with us? How do I know what's real?

When I don't even trust myself, Or what it is I feel.

And how do I deal?

Every night, in the dark, I lie awake in bed.

How am I supposed to dream, with all the static in my
head?

In all directions and I take the relief.

What can I do but feel the weight I'm underneath?

And grit my teeth...

How do I deal with you? How do I deal with me?

When I don't even know myself, Or what it is you want
from me.

How do I deal with love? (Why do I) Why do I have to
choose?

And everybody's tellin me, what the hell I have to do.

And how do I deal with us? How do I know what's real?

When I don't even trust myself, Or what it is I feel.

Now how do I deal?

How do I deal with you? How do I deal with me?

When I don't even know myself, or what it is you want from me.

How do I deal with love? Why do I have to choose?

When everybody's telling me what the hell I have to do.

How do I deal with you? How do I deal with me?

When I don't even know myself, or what it is you want from me.

How do I deal with us? How do I know what's real?

When I don't even trust myself, Or what it is I feel?

How do I deal? How do I deal?

How do I, How do I, How do I, How do I, How do I deal with you?

At night I lay in bed, with static in my head.

How do I deal
