Josie's laughing  
Seeing mother in the grave  
Josie's screaming  
Cause daddy holds her during storms

Heledore babe  
There are snakes  
In her burning brain  
Heledore babe  
It runs with blood in her veins

Josie can see  
Things no one else can see  
Josie's dying  
Since she saw Bob Cooper's face

Heledore babe  
There are snakes  
In her burning brain  
Heledore babe  
It runs with blood in her veins

Heledore babe  
There are snakes  
In her burning brain  
Heledore babe  
It runs with blood in her veins
