Praise this sacred night  
Witness our ordeal  
God of magic force  
Feel his presence here  
Legions, the inner sect  
Gather on holy ground chanting secret rhymes  
Death is why we live

When darkness arrives, the end is here  
Descend into chaos, demise of the gods  
Summon the faithful, sharpen the sword  
Up from the ashes, a new world will rise

Death walks among us  
Death walks among us

Fate has been foretold  
A vision very clear  
Deceit the reason why  
Giants sleep no more  
Awaken for this fight  
A serpent malicious beast  
The hour is near  
Time for judgement day

The king of the kings, lord of the wise  
We stand by your side, the strong and the brave  
The purpose of death, revealed this day  
Let the killing begin, though the outcome is clear

Death walks among us  
Death walks among us

Nine are those who must die, a sacrifice  
Twelve are those who avenge them, of their blood

Your sacral rage thrives among us, feed our hate  
From the sky came the raven, a holy sign

Valkyries march to battle, goddess of war  
Creatures of the underworld, rule here

A heroes end is our blessing, our destiny  
As wolves tear your mortal body, your soul are free

[solo - Meister]
