Light of reality please shine on me
Like an obscure poem my conscience returned
Strange thought echoes Inflicts my mind
I hear them come, it is time to sleep

The needle, the pain
The icecold nothingness

Medication
Intoxication
Home sweet home
Ward sweet ward

Awake again, gazing at shadows
Talking to myself, rhymes of lunacy
That I have never heard before
Voices, images occupies my senses
The men in white are back again
It is time

Medication
Intoxication
Home sweet home
Ward sweet ward

Why am I here, locked in this cell
Wrapped with wool
A mind deranged,
A psychopath they said

Fed with lies, you will never ever know the truth
Trapped in this cell
My passage to hell
To rot or to fade away

Seduction of madness
Kissed my mind
Their drugs keep the dreams away (obey)
My wills no more
I am here to stay I found my home
The needle doesn't hurt so bad

Anaesthetic for my soul

Medication

Intoxication

Home sweet home

Ward sweet ward

Home sweet home

Ward sweet ward

Home sweet home

Ward sweet ward

Home sweet home

Medication

Intoxication
