I wanna tell You story now
Story about my parents' life
It's very interesting
So close your eyes
And try to imagine that
What I tell You now
My mother was a pretty girl
She was fat but had beautiful face
She's met my father in the bar
But she doesn't know
That he was abnormal
Not right on his mind
It's a schizophrenic
Schizophrenic family
And nobody knows
What it means
What it means
They got married very soon
And very soon she lost her pride
He spank her everytime
And someday she said I kill you
I have power in my fists
And that was the end
Of my mother's life
My father sit in hospital
And I'm happy with that
It's a schizophrenic
Schizophrenic family
And nobody knows
What it means
What it means
