6 AM and at it again  
it's over  
a lonely outside is rolling by  
it's over  
a car in the snow loses control  
it's over  
the head of the home is hurling the phone  
it's over  
bruise up blue  
come right through  
welcome to another end  
we know that you know the finishing blow  
it's over  
a lineup of lights is firing the ike  
it's over  
the point in time when everything dies  
it's over  
nothing is wrong  
we're getting along  
it's over  
so bruise up blue  
come right through

welcome to another end  
an open door  
a note on the floor  
it's over  
the loneliest night is taking flight  
it's over  
waving in grief  
watching it leave  
it's over  
up off the ground  
the city is out  
it's over  
nothing is wrong  
we're getting along  
it's over
