

Hey Monday "Mamma Cries"

Visit "[Mamma Cries](#)" on MotoLyrics.com

She sings a lullaby
Kisses me goodnight for the last time

Daddy used to be her main man but he's driven her
insane
And she's headed for the mainland

Mamma cries her eyes out
It wasn't always easy
Turn the kitchen light out
(Mmm)
Daddy's upstairs sleeping

And she's broken
Battered
Mamma cry
Mamma cry
Her thoughts are scattered and mamma sighs
It just don't matter

Mamma cries her eyes out
I can't believe she's leaving
She can't change her mind now
No
No
She can't recall her reasons

Why she's broken
Battered
Mamma cry
Mamma cry
Her thoughts are scattered and mamma sighs
It just don't matter
No
It just don't matter
