Today, I told myself that I would control myself  
But my heart and zipper seems to disagree  
Where is this coming from?  
Progressively sinking deep  
Bet my old private school ain't proud of me  
You've got me

Spinning like a DJ  
Don't care what they say  
Every minute, every day  
I'm waiting for the moment  
Don't know who this girl is  
But she wants to make a mess  
Don't leave till you're finished  
Now we're on to something golden  
Where is my head?  
Where is my head?  
I want it  
Where is my head?  
Where is my head?

It seems I lost my mind back when we first met  
Right at that second, everything had changed  
I might be modest on the outside looking in  
But your mouth and body's got the best of me  
You've got me

Spinning like a DJ  
Don't care what they say  
Every minute, every day  
I'm waiting for the moment  
Don't know who this girl is  
But she wants to make a mess  
Don't leave till you're finished  
Now we're on to something golden  
Where is my head?  
Where is my head?  
I want it  
Where is my head?  
Where is my head?

This is just crazy

It's so unlike me  
Obsessing over you  
Is making me thirsty

You've got me  
You've got me

Spinning like a DJ  
Don't care what they say  
Every minute, every day  
I'm waiting for the moment  
Don't know who this girl is  
But she wants to make a mess  
Don't leave till you're finished  
Now we're on to something golden  
Where is my head?  
Where is my head?  
I want it  
Where is my head?  
Where is my head?
