Oh, oh

Oh, oh

Here's my heart in a postcard, darling

Just one step from the edge

Sleep alone, and it's so hard, darling

You're next to me in my head

But it's too late, too late to call

Are you out there?

Too late, too much to say

Wish you were here

Wish you well

If you'd only share this hell

But you leave

And the stains are left on me

I wish you, I wish you were here

I wish you, I wish you were here

Oh, oh

Oh, oh

Here's my Hollywood ending calling

Every day fades to black

Sick and tired of pretending, darling

That you'll ever come back

But it's too late, too late to call

Are you out there?

Too late, too much to say

Wish you were here

Wish you well

If you'd only share this hell

But you leave

And the stains are left on me

I wish you, I wish you were here

I wish you, I wish you were here

Tell me something

Talk me down, down again

I'm broken, I'm frozen out

Wish you were here
Wish you well
If you'd only share this hell
But you leave
And the stains are left on me

Wish you were here
Wish you well
If you'd only share this hell
But you leave
And the stains are left on me
I wish you, I wish you were here
I wish you, I wish you were here
Oh, oh
Oh, oh
