Could've given me warning  
Could've given me warning  
Could've given me warning  
Could've given me warning

So you went away  
Okay  
You said you had to find  
To sort a piece of mind  
Don't call me on the phone if you wanna be alone

Could've given me warning  
Could've given me warning to let me get over  
To let me get over  
To let me get over  
To let me get over

To let me get over  
To let me get over  
To let me get over  
To let me get over

Contradict yourself and my mental health  
No  
No  
No  
No  
No  
You lead me on and then go find someone  
Well  
So don't call me on the phone if you want to be alone  
No  
No  
No  
No  
No

To let me get over  
To let me get over

When will I  
Will I get over you

When will I  
Will I get over you  
(Over you)

Over you  
Over you  
Over you  
Over you

Don't call me on the phone if you wanna be alone  
No  
No  
No  
No  
No

Could've given me warning  
Could've given me warning  
Yeah  
Yeah

You could've  
(Ooh)  
You should've  
You should've  
You could've baby

You could've  
(Ooh)  
You should've  
(Yeah)  
You could've  
You should've baby

You could've  
(Ooh)  
You should've  
(Yeah)  
You could've  
(Yeah)  
You should've baby

You could've  
(Ha)  
You should've  
(Yeah)  
You could've  
You should've baby

You have got to go

I can't take this anymore  
Can't confide in your constant whining  
Maybe I'd be better off dying  
I need you out the door

Get away from me  
You cause my insecurity  
Stupid guilt trips just to spite me  
Girl put up your dukes and fight me  
Take your things and leave

Take your things and leave  
Take your things and leave  
Take your things and leave  
Take your things  
Take your things and leave
