I wanna runaway, (I wanna runaway) with you (I wanna runaway)

I wanna runaway...'cause baby you're my everything

I don't need this

All I need is us

Cmon girl, lets put it in the wind

I care none, bout no one

If they loved us they shoulda did it when

They had a chance

But now the dance is over

And for sure it's highway time

Let the top down

Cant stop now

Explain the past baby I ain't tryin

I ain't lyin

When sayin we came of age

Ya know things dun change

Time to spread our wings

Fly to better things

Pack your suitcase today's the day

Don't tell yo mama, don't tell yo sister

It will only complicate the issue

We'll mail them a box of tissues

The only one that loves you is right here with you

Girl don't ever look back

Our destiny awaits us

In what ever place we park the brakes

I work my hands to the ball

If that's what it takes ta

Give us everything

Our folks never had

Im prepared for that

It may take a while

But ima make you smile

Forever

I said a prayer for that

And...I know he's listenin

At least to this one

If he never heard none of the others

This is me and you

And ima see it through

From this highway to under the covers
Baby
(ohhh ohhh ohhh ohhh oooooo)
I wanna runaway, (I wanna runaway) with you (I wanna runaway)
I wanna runaway with you... 'cause baby you're my everything
I wanna runaway, (I wanna runaway) with you (I wanna runaway)
I wanna runaway...'cause baby you're my everything

We got off the exit at Waco
Frankie J was on the radio
I asked her was she afraid to go
All the way with this
She delayed a no
I said baby I jus need to know
If you ain't down
We can turn around
Your happiness is my happiness
And that's the only thing that's concernin me now
Just hurt me now
She said would you please jus let me talk for once
then all at once she went into how
She'd been tryin to prevent this all for months
Not all because she didn't love me
And only me
It's jus that she
Had withheld one vital piece of info
She looked up at me
Wit both eyes full of tears
She said you remember that day at the clinic?
I went in wit the doctor and I told you I did it
I wasn't able to go through wit it
No you didn't
How could you
Wait minute that makes you what?
Three months and some change
Well baby doll that jus ain't enough
To derail us
'cause see that jus means there's three of us
Answer me this, at what point do you think this topic
should be discussed
I don't know whether to cry or smile
But somehow im doin both
But his changes nothin
I got two babies and I solemnly swear to be true to both
Baby

(ohhh ohhh ohhh ohhh oooooo)
I wanna runaway, (I wanna runaway) with you (I wanna

runaway)
I wanna runaway with you... 'cause baby you're my
everything
I wanna runaway, (I wanna runaway) with you (I wanna
runaway)
I wanna runaway...'cause baby you're my everything
I wanna run, wanna runaway, there's nothing they can
do er say to make us stay
I wanna run, wanna runaway, there's nothing they can
do there's nothin they can say
I wanna run, wanna runaway..ahhhh oooh ohhh
I wanna run, wanna runaway I want to runaway
Baby
I wanna runaway, (I wanna runaway) with you (I wanna
runaway)
I wanna runaway with you... 'cause baby you're my
everything
