All of my help (2x)
comes from the Lord
All of my help (2x)
comes from the Lord
All of my help (2x)
comes from the Lord
All of my help (2x)
comes from the Lord

He has made a way out of no way
Turned darkness to light on a cloudy day
That's why I praise him
For He's good, yes He's good.

All of my help (2x)
comes from the Lord
All of my help (2x)
comes from the Lord
All of my help (2x)
comes from the Lord
All of my help (2x)
comes from the Lord

He has made a way out of no way
Turned darkness to light on a cloudy day
That's why I praise him
For He's good, yes He's good.

He is my refuge,
best friend
In the time of trouble He will be there
That's why I praise him
For He's good,
yes He's good

My help(2x)
comes from the
Lord,
He is my help
My help, my help comes from the
Lord,

He is my help
My help, my help comes from the
Lord,
He is my help
My help, my help comes from the
Lord,
He is my help
My help, my ever present help

Jesus my help, my help, my ever
present help
He is my help, my help, my ever
present help

Jesus my help, my help, my ever
present help
He is my help, He is my help
He is my help, He is my help
He is my help, He is my help
My help, my ever present help
Jesus my help, my help, my ever
present help
He is my help.
