"Wait on god"

Visit "[Wait on god](#)" on MotoLyrics.com

There may be times in your life
When nothing seems to be going right
When you're tired and the road is rough
And then God will come to see me through

CHORUS

Even when I get discouraged
Sometime when I get discouraged
Even when I get discouraged
I just wait on God

Even when I get discouraged
Sometime when I get discouraged
Even when I get discouraged
I just wait on God

You might have doubts and you might have fears
Trials may come and they might bring tears
Don't you worry and don't give up
If you wait on God He'll see you through

(CHORUS)

BRIDGE

If you wait, Wait I say
On the Lord, My God will see you through

If you wait, Wait I say

CHORUS
