close your eyes and dream  
dream of anything  
dream of everything  
(2 Time)  
imagine this  
imagine your a star  
singing on a stage  
la,la,la  
hear the crowd applaud  
what a great reward  
when they shout "Hurray!"  
imagine this  
imagine your a star  
running in a race  
oh,so far  
reaching from a sky  
really go to fly  
When you finish first

Chorus  
dream on,dream of anything  
dream on,dream of everything  
Close your eyes  
And see what you can be  
When you.....(2 times)

Close your eyes and dream  
Dream of anything  
dream of everything...  
Dream on,dream of anything

when you  
Dream,dream,dream,dream,dream....
