~~~verse 1~~~

girl when i first met you, i didnt realize  
you were looking to stay around but, i was looking to  
play around  
now i cant forget you, cant forget you're pretty smile  
took for granted the love you gave and only thought of  
the love we made  
just when i found someone who could love me like the  
way that i need  
i acted the fool and pushed her away from me

~~~Cho~~~

and i'll be thinking bout u  
everynight and everyday  
cause in my heart i know (i know)  
that i never should've let you go  
and my love 4 u is stronger than i ever knew  
but i couldnt tell you so  
that i never should've let you go

~~~verse 2~~~

do u think bout me like i wasnt worth your time  
i would give anything i have, if you'd give me another  
chance  
do you think you're better off without me playing  
games with you're heart in mind, oh yeah,  
i dont blame u 4 leaving me but now you've got to  
believe in me  
if you come back girl i promise that you'll see a change  
in my ways  
i'll get down on my knee, i'll do anything you say

~~~Cho~~~

and i'll be thinking bout u  
everynight and everyday (everyday)  
cause in my heart i know (i will know)

that i never should've let you go (ooh my love)  
and my love 4 u is stronger than i ever knew  
but i couldnt tell you so (oh oh oh)  
that i never should've let you go

~~~Bridge~~~

is there someone else, (yeah, yeah) standing where i  
stood (ooh yeah)  
giving you the love (ooh yeah) you never got from me  
girl i would give you the world if i only could  
girl you will see  
will you come back to me  
would you come back to me

~~~Cho~~~

and i'll be thinking bout u  
everynight and everyday  
cause in my heart i know (i know)  
that i never should've let you go (oh yeah)  
and my love 4 u is stronger than i (stronger than i) ever  
knew (ever knew)  
but i couldnt tell you so (tell you so)  
that i never should've let you go (oh yeah)

~~~Cho~~~

and i'll be thinking bout u  
everynight and everyday (everynight and everyday)  
cause in my heart i know (i never)  
that i never should've let you go (yeah yeah)  
and my love 4 u is stronger than i (stronger than i,  
stronger than i) ever knew  
but i couldnt tell you so (tell you so)  
no i never should've let  
whoa i never should've let  
no i never should've let you go

mmmmm (till fade)
