"So Many Animals"

Sometimes I'm proud and I feel like crowing

Sometimes I monkey around

I can strut like a peacock with my feathers showing

When I'm quiet as a mouse, I don't make a sound

I can pounce like a panther or be strong as an ox

Be stubborn as a mule or smart like a fox

I can swim like a dolphin or stand like a flamingo

Soar like a falcon or run like a dingo

So many animals inside of me

So many animals, set them free

To run through the jungle, fly through the air

Swim in the ocean, go anywhere

So many animals inside of me

So many animals, set them free

To run through the jungle, fly through the air

Swim in the ocean, go anywhere

So many animals, set them free

So many animals, set them free

Sometimes I'm mad and I feel like snapping

Sometimes I horse around

I can scurry like a chick with both wings flapping

But when I play possum, I cannot be found
I can leap like a frog or chomp like a croc
Oink like a pig or watch like a hawk
I can waddle like a duck or hang like a bat
Hop like a roo or pounce like a cat
So many animals inside of me
So many animals, set them free
To run through the jungle, fly through the air
Swim in the ocean, go anywhere
So many animals inside of me
So many animals, set them free
To run through the jungle, fly through the air
Swim in the ocean, go anywhere
So many animals, set them free
So many animals, set them free
So many animals, set them free
So many animals, set them free
