When you coming home
I missed your calls this week, where you been?
Get it straight
Would you get it straight this time for once?
Cause it's not my fault this time
No, it's not my fault because??

I'm on roll
And I can't be dissuaded
So, I gotta go
And my week seems less jaded now

Just like last month
I can't shut up, I can't slow down. so how's your frown?
Did you get it straightened out in time?
Cause it's not my fault
No, I'm not to blame because??

I'm on roll
And I can't be dissuaded
So, I gotta go
And my world seems less jaded now

I'm on a roll, and I can't be frustrated now
So you gotta go!
And my world seems less jaded??

I'm on roll
And I can't be persuaded
So, I gotta go
And my world seems less jaded now

I'm on roll
And I can't be dissuaded
So, I gotta go
And my world seems less jaded now
