I could not say "I love you"  
So my love has gone far away  
I was worried all night long  
But I can't say so because

I am a shy boy, I am a shy boy  
I am a shy boy, I know myself very well!

I could not say "I'm sorry"  
So my love has gone far away  
I cried and cried all night long  
But I can't regret because

I am a shy boy, I am a shy boy  
I am a shy boy, I know myself very well!

OK

My way is action not words  
I'm not a toothless barking dog

This is the heart of a real man  
But she needed fuckin' words of love

I am a shy boy, I am a shy boy  
I am a shy boy, I know myself very well!

I could not say "I love you"  
So my love has gone far away  
I was worried all night long  
But I can't say so because

I am a shy boy, I am a shy boy  
I am a shy boy, I know myself very well!

I am a shy boy, I am a shy boy  
I am a shy boy, I know myself very well!
