(Verse 1)

Women and gentlemen I welcome you tonight,  
come ride wit Hi-Yella cause we bout to take flight  
Im stylin high steppin and the scene lookin right  
on the prowl tryin to growl with some kitty for the night  
In the club tore up from this bottle of bub,  
all these gurlz they showin luv and got me ready to cutt  
& what,  
im on the floor cold cuttin a rug,  
shawty walk over to me like (\*ooh yella wassup\*) uh  
I had to have it she was the baddest  
5foot,7inches thick thighs and tatted(damn)  
Come here baby and let me work my magic  
we can head to my crib and then work the mattress(oh)  
It aint over till the lights come on,  
so let me see ya work sum'n if ya like the song(whoa)  
I kno you here me is my mic still on,  
well here this  
come leave wit me and let me bite on ya thongs & oh.

(Hook)

Let me see ya work sum'n to the beat,  
get up out ya seat work sum'n move ya feet  
Gone shawty just lean to the left,  
work it like a pro but dont hurt yoself-(repeat 1x)

(Verse 2)

Say cutie u can slide if ya act right,  
i'll give it to ya how ya like from the back side  
Cruise 22's no roof thru da chatt right,  
say you gotta deal kinda trill baby that's right  
Always keep it fingerlickin pimpin cause i mack mine,

Need me a freak in the sheets who can pack mine,  
shake a lil bit quicker you too slow on yo react time  
Now drop it low to the floor make ya back wind,  
gone move ya feet out ya seat it aint nap time  
You should be impressed im a vet wit this rap rhyme,  
worth a couple dollars you should holla lay a stack  
down  
Im the hottest thing on the scene since the lac sign,

better tell'em fellaz shawty yella never backdown  
goes down in my hometown check my background,  
truth in the booth and Im reppin for da Chattown.]

(Hook)

Let me see ya work sum'n to the beat,
