I look around
As far as I can see
The colors of the world
Are waiting for me

Blue for the sky
Green for the trees
Yellow for the sun
Orange autumn leaves

If I had to choose one color
A color just for me
I'd have to take them all
Take them all you see

And I'd be living in a rainbow (living in a rainbow)
Colors everywhere (colors everywhere)
Colors all around me (colors all around me)
And no one has a care, colors everywhere
Let's go!

If I had wings of gold
I'd fly way up high
I'd fly through the rainbow
The colors, the sky

Flying through the red
Diving in the blue
Sliding down the yellow
To be next to you

If I had to choose one color
A color just for me
I'd have to take them all
Take them all you see

And I'll be living in a rainbow (living in a rainbow)
Colors everywhere (colors everywhere)
Colors all around me (colors all around me)
And no one has a care

And I'll be living in a rainbow (living in a rainbow)
Colors everywhere (colors everywhere)
Colors all around me (colors all around me)
And no one has a care, colors everywhere
Let's go

Living in a rainbow
Living in a rainbow
Living in a rainbow
Living in a rainbow
