"Energy"

There's a feeling in our bodies
And it makes us want to move
It makes us feel fantastic
It can help us dance a groove
Can you feel it
From your head down to your toes
Can you feel it
Yeah, this is how it goes
Can you feel it
From your head down to your toes

E-N-E R-G-Y
A flash of light that can split the sky
Give me, Give me, Give me,
Give me Energy
Energy to burn!

There's a power all around us
You can feel it in your heart
You can feel it when the sun shines
When the rain's about to start
Can you feel it
When you're dancing down the street
Can you feel it
Yeah, listen to the beat
Can you feel it
When you're dancing down the street

E-N-E R-G-Y
A flash of light that can split the sky
Give me, Give me, Give me,
Give me Energy
Energy to burn!

E-N-E R-G-Y
A flash of light that can split the sky
Give me, Give me, Give me,
Give me Energy
Energy to burn!

Feel it, see it,
All around

A flash of light,
A wave of sound
E-N-E R-G-Y
A flash of light that can split the sky
Give me, Give me, Give me,
Give me Energy
Energy to burn!
