I'd hate to be your girlfriend right now.  
You're always not sure of who you are.  
But sometimes I believe in my dreams.  
And in my dreams, there's only you and me.  
Right away, I'll just say it.  
I used to love you, before you turned to dust.  
But now, I have to make sure,  
That you and me are always together,  
That's a must.

Cause I still believe in my dreams.  
I still believe in my fantasy.  
And there's one thing you should know.  
That in my dreams, there's only you and me.  
In my dreams, you were a prince.  
I was wearing a dress, and a tiara.  
We were living in a castle, happily ever after.  
And there's one thing you really should know.  
That in my dreams...  
There's only you and me.

I'd hate to be your girlfriend right now.  
You're always on the run.  
You can't be my prince, no, you can't be yourself.  
And when I see you, I don't see you.  
I see the boy in my dreams, who I still believe in.  
And when I speak to you, I don't speak to you.  
I speak to that guy in my dreams, yeah I still believe...

In my dreams.  
I still believe in my fantasy.  
And there's one thing you should know.  
That in my dreams, there's only you and me.  
In my dreams, you were a prince.  
I was wearing a dress, and a tiara.  
We were living in a castle, happily ever after.  
And there's one thing you really should know.  
That in my dreams...  
There's only you and me.

I don't think you understand,

I'm loving you and somebody else.  
You've got the same name,  
And the same hair. Same looks everywhere.  
But inside, you boys are way different.  
I wish for that boy in my dreams.  
Yeah I wish for that boy in my dreams.

In my dreams I still believe.  
I still believe in my fantasy.  
And there's one thing you really should know.  
That in my dreams, there's only you and me.  
In my dreams, you were a prince.  
I was wearing a dress, and a tiara.  
We were living in a castle, happily ever after.  
And there's one thing you really should know.  
That in my dreams...  
There's only you and me.
