Some people may search the world  
To find that special one.  
But I'm not like them, I will wait.  
I'll be patient, cause I'm nothing but a girl.  
I'm not that special, I'm like the rest.  
Still I can't even bring myself to believe,  
That you promised your best...  
(Liar)

But the day I met you, I fell in love.  
I fell in a big puddle of love.  
But deeper inside, I didn't know.  
That soon we'd both have had enough.  
And now that I've learned everything,  
There's nothing but notes and bruises.  
Your words hurt me, even when they don't  
Intend to. So stop marking me across my heart,  
Stop wasting your time, I've had enough...

Baby, is this all you can do?  
Write a letter, signed from you?  
Why can't you explain things to my face?  
I guess you were just hesitating, you were afraid.  
But reading those words that you thought of,  
And wrote. They hurt me so bad, I think  
It would hurt more if you spoke.  
They hit me hard, and I get a mark,  
A scar across my heart.  
And now the bruises are kickin' in,  
I can't explain just what I'm feeling.

Cause the day I met you, I fell in love.  
I fell in a big puddle of love.  
But deeper inside, I didn't know.  
That soon we'd both have had enough.  
And now that I've learned everything,  
There's nothing but notes and bruises.  
Your words hurt me, even when they don't  
Intend to. So stop marking me across my heart,  
Stop wasting your time, I've had enough...

I can't bring myself to believe,

That I even tried.  
But still today, even when I say,  
I'm never alright.  
I'm sick and tired of my faking,  
Faking that everything's okay.  
But my tears, they're finally showing up,  
And my smile will finally fade away.  
And it's all your fault, baby.  
You called me beautiful, baby.

The day I met you, I fell in love.  
I fell in a big puddle of love.  
But deeper inside, I didn't know.  
That soon we'd both have had enough.  
And now that I've learned everything,  
There's nothing but notes and bruises.

After all this time, I thought  
We were actually getting somewhere.  
But we still haven't moved,  
You did nothing but fool,  
Fool this heart inside of me.  
Fool me by your smile.  
Is this all you have to say,  
Goodbye?

The day I met you, I fell in love.  
I fell in a big puddle of love.  
But deeper inside, I didn't know.  
That soon we'd both have had enough.  
And now that I've learned everything,  
There's nothing but notes and bruises.  
Your words hurt me, even when they don't  
Intend to. So stop marking me across my heart,  
Stop wasting your time, I've had enough.
