I want you to know who I am.
I'm not gonna change; I don't give a damn.
Cuz you, you told me your loved me.
And I thought you said it honestly.
But then, then you walked out on me.
You're makin' me go so crazy.

Whenever I was in trouble,
You pulled me aside, and told me it's alright.
But now I realize that you were faking,
Trying to be like somebody else.
When really, you know, you're a just taking
Another risk that you think I can't... admit.

So here we stand, hand in hand
Making sure our love doesn't end.
And as our lips suddenly meet,
I can't pull back.
Even though our love was gone,
We still kissed, we still felt that bond.

Love can touch us.
And you think you've found the one,
To share your love with forever.
And suddenly you can't find the bond...
Then love suddenly leaves us,
And you go searching for another one,
To share what we had. To give away my dream.
To share our bond...

Love is powerful.
Love can destroy you.
Love is the reason why I am standing up today,
On my two feet, and it's the reason I can say:

Here we stand, hand in hand
Making sure our love doesn't end.
And as our lips suddenly meet,
I can't pull back.
Even though our love was gone,
We still kissed, we still felt that bond.

You walked out on me.
You made me disbelieve.
You told me you loved me.
You spoke right at me.
You made me believe
That our love was perfect.

And now we stand.
Hand in hand.
Wishing that our love would never end...

And as our lips suddenly meet!
I can't pull back.
Even though our love was gone,
We still kissed, we still felt that bond.

We once could stand,
Hand in hand,
Hoping our love would never end
But you've forgotten
About the love we had,
So now... you see now all I could do is... regret.
Cause our love is... dead...
