(naydock, palladino)

With flu  
I dream of you  
In light as blue as neon when it's blue  
Past visions of rolling hills  
In movie stills  
A panoramic stew  
Above the scientific  
Element, content  
We spy the view

(chorus)

A fevers brought me close to you  
In ways we can not be  
A fevers brought me close to you  
In ways we can not be  
Even in memory

Sublime  
In double time  
We climb to where convention swerves and leans  
Couple-a-beers  
In a tent by sears  
By a giant plastic nativity scene  
In color dogs endure  
Im sure  
The light youve given me is green

(chorus)

I mouth petitions  
Oh those soft renditions  
Of the ones Ive come to lean on  
For you  
Again, in blue  
And straightening a photographic dawn  
May I experience  
The sense of  
Where I dream you when Im gone

(chorus 2x)
