Chorus

Heaven on earth, for worse or for better
Some say paradise is nice but you can't make it last
forever
Heaven on earth, now I just can't see
How I can ever find another reason to be

Mamas in the kitchen talkin on the phone
She never could get used to having dinner alone
Its been eleven months since he passed away
But she can't bring herself to pack his things away

She said, what Im needin inside no one on earth can
provide

Chorus

Nights of conversation round the kitchen table
With advice from knowing children she raised from the
cradle
Everybody tells her she should just resign
To the things that she's been through a thousand times
in her mind

She said, what Im needin inside no one on earth can
provide

Chorus

Maybe he got tired, maybe he got bored
Maybe the old man just didn't care anymore
No matter what the reason she does what she can
To be the lovin wife who always understands

Chorus
