They don't give a shit  
If we're alive or dead  
Cover our bodies they won't  
One last breath  
One last prayer to Death  
In vain souls scream aloud for no one

[BRIDGE]

Because we are not prepared for it  
The beast is hungry  
And it's waiting for our souls, my friends

[CHORUS]

That's the end of the line - Today  
No escape we can find - No way  
That's the end of our lives  
No escape we can find  
Drawing near  
Damn - the shelter's on fire

They've never felt this way  
Don't you tell me that  
Over and over again  
Our last breath  
Our last prayer to Death  
In vain we'll scream aloud for no one

[BRIDGE]

[CHORUS]

Oh, no  
We are all so unprepared to face it  
Since we were born we experience what fear's all about  
We are dying - Why is it so tough to keep my eyes  
open?

[Solo]

We all should learn life can be short and unfair  
We only have one shot

All of us we'll find it, there's no way back

[CHORUS]

We're so unprepared to face it  
Since we're born we experience that  
We're so unprepared to face it  
My last prayer to Death  
There's no way back
