Staring at you makes my heart ache  
I have to protect this, or it will be ruined  
You don't know it  
But you are my medicine  
Only I can swallow you

That pathetic girl makes my heart ache  
Teasing, she sells her beauty cheap  
If you and I had met any earlier  
In this sort of way  
I probably wouldn't have hurt you  
I probably wouldn't have made you cry

Seeing you makes my heart ache  
You are falling to pieces  
You look very beautiful  
Seeing you from here  
So... smile

Therapy, this is therapy, only therapy

Atop me, you are disappearing  
There's nothing to be done, it's a sad, lonely joke  
This is a nightmare  
And this is you  
But nothing has any meaning  
Because this will dirty you

Take you any way you want  
Of everything you want to do  
Take you any way you...  
What do you want to do?  
Take you any way you want  
In a place where there's no one around  
Take you any way you...  
With things like this, I'm going to break the limits with  
you

Therapy, this is therapy, my therapy

With you who laments "it's very lonely"

And with things like this, let's go and break the limits

You should have always seen  
Only me  
I should have given you everything  
Everything, for you

Take you any way you want  
You're my "unstable" love  
Take you any way you...  
I won't leave you anymore  
With you like this  
Locked away forever  
By your side  
Always talking to you

Therapy, this is therapy, my therapy

Without seeing anyone  
Let's pass the time here  
The time made from glass  
We'll pass together  
Without counting the numbers of past nights  
We'll pass the time  
With you I'll continue  
My therapy  
... And you will be my medicine
