I walked along the avenue  
I never thought I'd meet a girl like you  
Meet a girl like you

With auburn hair and tawny eyes  
The kind of eyes that hypnotize me through  
Hypnotize me through

And I ran, I ran so far away  
I just ran, I ran all night and day  
I couldn't get away

A cloud appears above your head  
A beam of light comes shining down on you  
Shining down on you

The cloud is moving nearer still  
Aurora Borealis comes in view  
Alis comes in view

And I ran, I ran so far away  
I just ran, I ran all night and day

Reached out a hand to touch your face  
You're slowly disappearing from my view  
Disappearing from my view

Reached out a hand to try again  
I'm floating in a beam of light with you  
A beam of light with you

And I ran, I ran so far away  
I just ran, I ran all night and day

And I ran, I ran so far away  
I just ran, I ran all night and day
