Like an ocean her waves break down on me,
Reminding me of drowning out.
Lift me up on in the wake I'm waiting ready to break
down
And all I can see in my own reflection
Is my heartbreak and steady and shaking, out of
control
Oh, I'm never gonna make it.

Say anything that you want,
Come on say anything at all.
I can't stand the silence,
Through tired eyes and your blank expressions.

In all emotion her body lays out on me,
And I am still holding out.
Picked apart in the pouring rain I lost the words
I cannot do this thing I can't.
And all I can feel with your arms around me
As my pulse heavy heart dropping
I'm losing my mind.
Yeah, we gotta do something.

Say anything that you want,
Just come on say anything at all.
I can't stand the silence,
Through tired eyes and your blank expression.
Take anything that you want,
Just go ahead take anything at all.
Cause I can't keep trying,
To stay around when you keep me guessing.

No inhibitions and I'm let down.
And you've got me going,
You've got me spinning around.
I'm dizzied up and sick to my stomach
I'm getting carried away and it's all for the subject.
Should we lose control or just lose it all?
Cause I can't stop feeling like the feeling is all gone.
Go on and lose it all
I'm losing all control.

Say anything that you want,
Go ahead, go ahead yeah.

Say anything that you want,
Just come on say anything at all.
I can't stand the silence,
Through tired eyes and your blank expression.
Take anything that you want,
Just go ahead take anything at all.
Cause I can't keep trying,
To stay around when you keep me guessing.
