Iâ€™m at a point in my life
With all the cards face down
Searching for queens through your lost and found
So whatâ€™s it going to take to get yourself together?
Another pole around my face will make this last forever

[Chorus]

Romance me, but donâ€™t forget these words Iâ€™m
saying tonight
Romance me, but donâ€™t forget these words Iâ€™m
saying tonight

I remember the days with hopes of waking up tomorrow
and it being yesterday

I keep myself from trying; Iâ€™m giving up forever
Keep myself from denying, because I just donâ€™t know
anything else

Itâ€™s not your fault that Iâ€™m being
So pathetic, too, you see
Leave now and wipe that smile away
Wipe that smile away
Just wipe that smile away
And Iâ€™m sorry that you had to see me this way
Iâ€™m so sorry that you had to see me this way [2x]
But if you were mine one last time,
I need some time and I need something tonight

You can tell by the way, you can tell by the way
Iâ€™ll wake up yesterday [2x]
