(Like Murder)
Stoned I awoke in your temple
To blackness above you
And death beside me
(where) kitchen knives conspire
Razor blades make bloodless love
(like murder)

The ghost of a pale girl
is solemnly following me
Pale, will she follow me
into the sea

I feel the flowers screaming
To consume you
(like murder)
Earth and sky, your cradle
Earth and sky entomb you
and death beside me

I burrow through the dust
In your skull
But I cannot seem to find your soul

Bloodless and numb
We orbit the sun
Hungry will this pale thing
Follow me into the sea

On the cold side of her face
The reptiles awake
Locust swarm from open mouths
That sing thy kingdom come
While blackness hums

Nothing is true
and I'm tired of your sad today
your screaming because
There's nothing left for you to say
Bloodless and numb
we orbit the sun
Hungry will this pale thing

Follow me into the sea

Stoned I awoke in your temple
To blackness above you
and death beside me
(Where) kitchen knives conspire
Razor blades make bloodless love
