When you coming home  
I missed your calls this week, where you been?  
Get it straight  
Would you get it straight this time for once?  
Cause it's not my fault this time  
No, it's not my fault becauseÃ,ÂiÃ,Â

I'm on roll  
And I can't be dissuaded  
So, I gotta go  
And my week seems less jaded now

Just like last month  
I can't shut up, I can't slow down. so how's your frown?  
Did you get it straightened out in time?  
Cause it's not my fault  
No, I'm not to blame becauseÃ,ÂiÃ,Â

I'm on roll  
And I can't be dissuaded  
So, I gotta go  
And my world seems less jaded now

I'm on a roll, and I can't be frustrated now  
So you gotta go!  
And my world seems less jadedÃ,ÂiÃ,Â

I'm on roll  
And I can't be persuaded  
So, I gotta go  
And my world seems less jaded now

I'm on roll  
And I can't be dissuaded  
So, I gotta go  
And my world seems less jaded now
