[Tajai]
it's the linchpin
Lynching
Antsy inchin' bit by bit chompin'at the bit
My shot's inaccurate for profit
Passionate for profit
Cashin' in, that's the shit
Lyrical laxative
Runnin off afta'
Never relaxing...lashin'
Different than the last one
So let's see..
Chocolate dipped nuts, I'm nestle milk
World Wrestling Federation built
Y'all are complacent still?
Display some skill!
My word placement first place
If not I verse basic
My complex...is complex
Balance in check
No comment with comparable talents as yet
There's always a first
Yet, there's always a verse
And always a horse, so they always disperse
Tails tucked..
Who, why, when, where, what?
And how...sorry but not with that style!
I'm fond of fondling these tactless tactile
Cats until they tapped out
Put that down...cause I put that down
Yeah I do that there
Why you act scared?
Talkin bout 'who that there'...I'll knock 'em out!
If you ain't ship shape keep your shit shut
'Fore I shift shape, leave this shit shut
Closed up...sucka get your pose up!
You hold down...what's the hold up, huh?

[Hook: Del]
Uh, somethin' ya do when you're fire resistant
An ionic trinsic instantaneous lenses

Diablo, domino effect wobble, stumble..
Tryin' to follow?
Ask Pollo, dumbo!
Need a model?
Taj will assault silicone
Reverberate with realer tone
Fill in holes till it hurt deep in your bones
I mean really drill it home to your inner zone

[Pep Love]

We put in the work to make your body jerk
We won't shirk the duty of makin you shake your
gluteus maximus
Yeah, that's what's up!
The music is movin', you need to be catchin' up
Classical massacres occurs in a flash, a blur
Smashin' our hammer
Then when we clash with words
Adrenalin rush shatter you fragile gentlemen
When I hit 'em up with agile style
Venom and change the game like two ways did pagers
And 2Pac did before the plagerist came
Sword swing around, we not horsing
I'ma do mine, you do your thing
Hieroglyphics is monolithic
Chronicle and I careen in on a collision course to
contradiction
God is listenin'
We collage, analyze with the touch of a brush to paint
this picture
I'm heart felt with the texture of velvet
My art propellin'...the wax start meltin'
We makin' the matrix break to this
And motivatin' the shake...complacentness
Mixed of many maneuvers
We get blitzed and the groove is deep as it gets to reap
benefits
From Oakland to Brooklyn
The language spoken...broken and crooked
You know how we do it!

[Hook: Del]

Uh, somethin' ya do when you're fire resistant
An ionic trinsic instantaneous lenses
Diablo, domino effect wobble, stumble..
Tryin' to follow?
Ask Pollo, dumbo!
