Rhythm, makes me swing and do the wildest thing

Dance and sing

So let the bass boom bop, the snare drum pop

Til drop, until my heart stops

It is a beat that'll captivate your senses

The level of the pace intensifies

Intricacy is indicative of me

I'm fresher no pressure cause

I'm the best damn rapper that there ever was

And will be forever more ever lastin til the end of time

King of the rap and the words are prime

Statin a fact, fact meanin non-fiction

When I recite I use precision with diction

I got a beat and I like and I like it a lot

So listen to the funky beat that I got cause it's hot

Ladies, move ya butts

Cause it's the McJaz, hypin this brand new cut

So eat it up y'all like oatmeal

Eat it up ya'll you know the real deal

The rhythm's live, without it I cannot survive, no jive

The rum-a-ta-tum of the drum helps me thrive

Braek it down I'm world renowned yes the word is
choice

So rejoice to my voice

Harder than steel not wooden

Makin you swing like Dwight Gooden

You know the proof is in the puddin

Runnin mo lines than MTA

And my lines are gettin better each and every day

As for, all y'all, suckers or

MC's as you like to be called

I'm crashin and smashin and bashin you right down to
ya knees

I'm flyin heads with rhymes like these

Please don't get me wrong I'm not a baostful man

I gotta let some people know where I stand

And, as for rappin that's my main thing

But sometimes I'd rather sing -- forget it

This beat is hot and ever so

Before you threw this on you know ya body was so so
cold

Me compared to other MC's no comparison

The outcome for them is embarrasin

Slammin MC's faces in the place I'm chumpin

As long as I'm rockin this beat it's thumpin

Wanna hear the rap til the want is a need

Brooklyn's own indeed

I was born and raised in a place called Marcy

The girls are bossy the brothers run in posses

I am the Jaz with the utmost pep

So if you don't want to dance then step

The rhythm, that I'm givin got the turntable smokin

Brooklyn in the house and the Jaz ain't jokin

Likin this beat cause I like it and like it a lot

So listen to the funky beat that I got cause it's hot
