hirahira to sakura no hanabira sono hitotsu hitotsu ni...

Stir a memory from the past as one.
It is a time to start.
Stir a memory from the past as one.
I don't forget.□

hetakuso na manegoto datta hajime wa sou bokura
(I did my way through than anything else.)
kokoro no naka egaki tsuzuketa akogare koetakute
(Sometime we clashed on. But blim over with hope.)

kuyashinda bun yorokonda ukishizumi nandomo
kasanete
(When we are the kids.)

imade de ichiban taisetsuna shunkan wo wakachiau
hibi ga
(It was a glorious moment in a row)

sakura no hanabira ni kasanatte hirari omoidasareru
(The time we spent is almost over)

Stir a memory from the past as one.
I don't forget.

"kore ga saigo da" to minna de enjin wo kunde
(We are all for one. It was a valuable time.)
subete wo kaketa RASUTO SUTEEJI chikara furishibotte
chitta
(We never forget)

kotoba sae iranai kurai ni shinji aeteta nakamatachi to
no
(We shared all the world.)
akegaenai ano hi nichijou ga fuwari maku wo tojita...
(We gotta start out. We gotta go to the new place.)

Our time is running out.
Cherry blossom spiral down crossover the memory.
Flash back over and over again.

Everybody seek and get one step closer little by little.
Shared the tears taste of burden.
Can't get past the fruition.
Sharing of the pleasure. Here we start on.
We gotta challenge something new based on our
gretfuldays.

kotae kirezu ni namida shita
(I didn't believe.)
sore de owaritaku wa nakattanda
(We will be split.)

ikutsumono wasurete shimai sou na nanigenai taisetsu
datta hibi ga
(It was a glorious moment in a row.)
ima tooku omoide ni kawatteiku kokokara ga hajimari
to omoeta nara
(I thought these days goes on.)
sandome no sakura ni kasanatte
(But this bond will be forever.)
(The time we spent is almost over.)
sora he maiagatteiku

Stir a memory from the past as one.
It is a time to start.
Stir a memory from the past as one.
I don't forget.∩
