ooooooh-wild!
everytime (see you I go wild)
oh yeah (go wild, see you I go wild)
I said everytime I (see you I go wild)
see you I go wild (go wild, see you I go wild)

ooh, everytime I see your face
I feel an earthquake coming on
ooh, you shake me up and you'll break me down
until all my self-control is gone
you'll all the things I've ever wanted, babe
underneath the rising sun
oh but the hands of fate says no
that someone else you love her so
oh baby, but just one look at you
(just one look at you)
my heart cries out for you
'cause I love you, love you, love you, love you

everytime I see you, I go wild
see you I go, oh
everytime I see you, I go wiiiiiiild

you've got sweet magic in your eyes
and it makes you the master of my soul
oh, just one look and all my strength
takes away under your control
you and your love I see each day
wait til the love to look my way
oh baby, but when you passed me by
(when you passed me by)
well, I'll break down and cry
(I'll break down and cry)
'cause I love you, love you, love you, love you
everytime I see you, I go wild, yeah
(see you I go) mmm
everytime I see you, I go wiiiiiiild
(see you I go oooooooh-wild!)

(I go crazy baby, I go crazy baby)
(I go crazy baby, I go crazy baby, baby, baby)
I go crazy (I go crazy baby, I go crazy baby)
I go crazy (I go crazy baby)
oh, oh (I go crazy baby, baby, baby)
I go crazy (I go crazy baby)
I go crazy (I go crazy baby)
I go crazy baby (I go crazy baby)
I go crazy, I go wiiiiiiiiiiiiild

everytime I see you, I go wild
wild, wild, hey baby
everytime I see you, I go wi-i-i-i-ild
wi-i-ild, wi-i-ild baby, baby

melted all of my resistance (see you I go wild)
slowly I go very distant (see you I go wild)
can't do nothin' without your lovin'
(see you I go wild)
hey, I want you, baby, now or never
(see you I go ooooooh-wild)
