(Eddie Coleman Jr./Gwen Fuller/Gwen Gordy Fuqua)

if I love you tonight,
will you love me tomorrow?
I just can't stay the night
and awaken to sorrow, oh no (oh oh)
thought that love was a fairytale
filled with dreams from a wishing well
you're the prince that I hoped would come
but will the slippers fit my feet
when I'm awoken from my sleep?
this something I must know
if I love you tonight,
will you love me tomorrow?
I just can't say goodnight
to a dream that I borrow, oh no (oh oh)
are you real or just make-believe
with tender words keep turning me on
you say I should give in to my feelings
tell me how can I trust a feeling
that I've never felt before
there's got to be much more
I wanna know, oh oh
if I love you, tell me
if I love you tonight,
will you love me tomorrow?
'cause I can't say it's alright
and awaken, and awaken to sorrow (oh oh)
I can't pretend I don't need your love
you're just the man I've been dreaming of
I give my love for a wedding ring
tomorrow, will tonight mean a thing
or is it just a one night fling?
I got to know right now
if I love you tonight,
will you love me tomorrow?'
I just can't stay the night
and awaken, and awaken to sorrow
my heart says yes to you (if I love you tonight)
my heart says yes to you, baby
(will you love me tomorrow?)
but my mind says no

I don't wanna let you go
(I just can't stay the night)
