(Gary Goetzman, Mike Piccirillo)
love at first sight, I never believe it
until I saw him today
one look I knew
love was coming my way
whoa oh, whoa oh
his eyes met mine, I knew in a instant
ths is how it should be
so easily
it finally happened to me
whoa oh, whoa
[Chorus:]
so right
I'm gonna be with my baby tonight
so right
he's gonna hold me oh so tight
so right
I'm gonna love him with all my might
toni-i-ight, so right
he'll take my hand, we'll walk in the moonlight
I see it all in my mind
I know he'll find
my love is one of a kind
whoa oh, whoa oh
wind in my hair, a kiss of a lifetime
the whole world's standing still
he'll hold me close
as our hearts start to feel
whoa oh, whoa oh oh
[chorus]
a midnight rendezvous
will make my dreams come true
I know he'll love me before the night is through
ooh ooh ooh
so right
I'm gonna be with my baby tonight
(be with my baby) so right
he's gonna hold me oh so tight
(hold me so tight) so right
I'm gonna love him with all my might
toni-i-ight (ooh yeah), so right

I'm gonna be with my baby tonight
(be with my baby) so right
I'm gonna hold him oh so tight
(hold me so tight) so right
I'm gonna love him with all my might
tonight, tonight, tonight, yeah
(ooh yeah) so right
I'm gonna be, be with my baby
so right
I'm gonna be, be with my baby
so right
he's gonna hold me with all his might
tonight, tonight, yeah
(ooh yeah) so right
I'm gonna be, be with my baby
so right
I'm gonna be, be with my baby
so right
he's gonna hold me oh so tight
tonight, tonight, tonight, yea-eahh
so right
I'm gonna be with my baby tonight
