The first time that I saw you  
I started shaking  
Like I just stepped out of the hot tub, ah!  
I felt my body screamin'  
Filled with desire  
You know that I was ready for your love  
My tears of joy falling, falling from my eyes  
(They're falling, they're falling)  
I can't hold back the love I feel inside

You got me soakin' wet  
I'm soakin' wet, ooh baby  
Soakin' wet  
You got me soakin' wet  
My mind is reeling  
I can't stop the feeling  
I'm ready for love (I'm ready for love)  
Yeah

You got my t-shirt clinging to my body  
Like a water hose that been turned on me, ah!  
I never that excited  
Whenever you are near  
Tell me is this the way love suppose to be  
I feel the rain has come  
I can't run or hide  
(I feel it, it's coming)  
From all the pain and joy I feel inside

You got me soakin' wet  
I'm soakin' wet, ooh baby  
Soakin' wet  
You got me soakin' wet  
You always know it  
'Cause nobody show it  
I'm ready for love (I'm ready for love)  
Yeah, woh

Its got to be you  
Every time I see you  
Soakin' wet  
My mind is reeling  
Can't stop the feeling

You got me soakin' wet  
I'm soakin' wet, ooh baby  
Soakin' wet  
You got me soakin' wet  
I lose my composure  
I'm shaking all over (whooh!)  
I'm ready for love (I'm ready for love)  
Yeah

I'm soakin' wet  
You got me soakin' wet, ooh baby  
Soakin' wet  
You got me soakin' wet
