[Spoken intro:]

Now that you've come  
to share your life with me  
Now that you've shown me your love,  
I'm not afraid  
(ahhhhh) ahh...  
All of the promise we are  
comes true each time we touch  
I love you so much

How could this be  
someone like you give your love to me?  
Light, let it disguise (disguise)  
let the sunshine fill my eyes  
I (I) know (know something I can tell)  
something I can tell the world

Time goes by  
a different waves inside that you might did  
Now that you're here,  
I can't begin to tell you how the world depends,  
the world depends to me, oh  
Suddenly (suddenly)  
it all becomes so very clear to me  
As somewhere in this world, someone I never knew  
but is waiting, too  
Like me, that special someone that I am to you

Somebody, somewhere stepped right into my life  
Just when I was saying my prayers,  
you came shining your light  
Straight out of nowhere, to keep me alive  
Together our love will never die

Patiently  
I've waited for someone to fill the space  
This emptiness within that I've been living through  
just moving through  
Just something deep inside me

makes me give (give) my love to you

Somebody, somewhere stepped right into my life  
Just when I was saying my prayers,  
(you) you came shining your light  
Straight out of nowhere, to keep me alive  
Together our love will reach the sky--- baby  
Don't you know it will, yeah

Somebody-- stepped right into my life, yeahh  
Just when I was saying my prayers, (you came along)  
you came shining your light (Somebody)  
Somebody, somewhere to keep me alive  
My love is yours, your love is mine  
Together, love will never die (somebody)

Somebody, somewhere stepped right into my life  
(keep stepping)  
Just when I was saying my prayers, (you came)  
you came shining your light (somebody)  
Somebody, somewhere (yeah) to keep me alive  
My love is yours, your love is mine  
Together, love will never die (keep stepping)

Keep stepping, stepped right into my life  
(stepped right into my life)  
Just when I was saying my prayers (oh, ohh),  
you came shining your light  
(Somebody) somebody, somewhere
