(Pam Sawyer/Marilyn McLeod)

Darling, when you're next to me
I melt, I feel so weak
It's getting hard to go to sleep
This feeling on my mind
It needs you, baby, to satisfy

You can't turn me off
Not in the middle of turning me on
I can't suddenly stop now
You changed me from cold to hot
Ooh, now I'm ready to give you
All the love I've got
Please don't leave me now
Can't you read in my eyes?
This need I have to love

So don't tease me now (don't tease me)
Please, please me now
You can't turn me off, no (you can't turn me off)
Not on the middle of turning me on
(in the middle, in the middle)
I can't suddenly stop now
Each and every time we touch
Ooh, this feeling too much
Take me to that special place
You've gone too far
To leave me so spaced, baby

You won't tease me now (don't tease me)
You won't do nothing but (please me now)
Oh, oh yeah
You can't turn me off, no (you can't turn me off)
Not in the middle of turning me on
(in the middle, in the middle)
And I can't suddenly stop now
Well, if you love me (if you love me)
Like I love you (like I love you)
Then you do what I want you to do
Baby, please, just come and hold me

In your loving arms
And make my heart rush
Straight to the stars

So don't tease me now (don't tease me)
Yeah
You won't do nothing but (please me now)
Oh, oh yeah
You can't turn me off, no (you can't turn me off)
Not in the middle of turning me on
(smack dab in the middle)
I can't suddenly stop, ooh baby, yeah
But I'm ready to learn, ready to learn
Ready to learn (ready to learn)
Hey, come on and give me
Hey, the love I need
Come on and show me
Yeah, the love I want
Because I'm ready to learn, ready to learn
Ready to learn (ready to learn)
Hey darling, you can't
You can't, you can't, you can't
Darling, you can't, you can't, you can't
Hey, stop turning me off
Stop turning me off (you can't turn me off)
Start turning me on
Turning me on, turning me on
(smack dab in the middle)

You can't turn me off
(smack dab in the middle)
Not in the middle of turning me on
(you can't turn me off)
I can't suddenly stop
(smack dab in the middle)
Start turning me on (you can't turn me off)
You can't turn me off
Oh baby, yeah (smack dab in the middle)
Come on now and give it to me
Give it to me, give it to me, hey
Stop turning me off
Turning me off, turning me off, hey
'Cause I'm ready, ready, ready
I'm ready (you can't turn me off)
Oh please, babe
Don't stop now, hey
Come on now, give it to me
Give it, give it, give it, give it to me
